CART RACER

Racing Game

STORY

Horace, the giant turtle, has been a wise leader of the jungle animals for centuries. His decease almost caused panic among the clans: Horace did not pick the successor and they just could not agree on a new leader. In the end the clan leaders decided to organize a wild cart race that will show who is the strongest, swiftest and most cunning animal in the woods.

Choose your faction and see, how the story ends for each clan!

ZOMBIES!

Jump & Run Game

STORY

This day just started wrong. The streets are deserted and your calls remain unanswered. As you enter the city center to find out what is behind the disappearance of the whole city a staggering and moaning figure catches your attention. Your worst nightmare is true - the dead walk the earth! Try to run for your life as long as you can and avoid the obstacles. The way you can do that depends on the game mode you choose.

FEATURES

- wacky cartoon graphics
- 2 completely different game modes
- music, sounds & vibrations (where applicable)

CONTROLS

Hell Run:

Each kind of obstacle has its own way of how to be passed. Some have to be jumped over, some ran under and some can be only pierced through. In the beginning an arrow in the top bar will give you a hint of what to do but soon you will be left on your own. Show the audience how good is your memory, how quick is your thinking and how swift are your reflexes!

2 - Jump / 6 - Pierce / 8 - Duck

Dial Trial:

To jump over the obstacles you need to press a number combination displayed in the top bar. Do not underestimate the importance of good timing!

Run for your life!

DR. SYNAPSE

Strategy/Puzzle Game

STORY

Dr. Synapse has prepared a tricky test for your braincells!

The aim of the game is to remove as many objects from the table as possible within a few turns. With the removal of an object all the neighbouring pieces of the same kind vanish too. Seems easy? There is a catch, of course: You cannot remove an object that has no identical piece around. Also after the objects vanish, the rest on the table moves in their position so you have to think ahead!

FEATURES

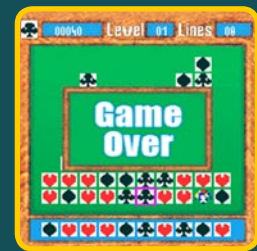

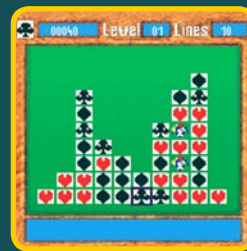

- *how many steps ahead can you think?*
- *simple rules*
- *addictive gameplay*

CONTROLS

2 - Cursor up / 8 - Cursor down / 4 - Cursor left / 6 - Cursor right / 5 - Remove Cards!

FLASH DECK

Strategy/Puzzle Game

STORY

Welcome to Las Vegas, city of lights, den of sin that never sleeps! Do you think you could handle the rocket-speed gambling we are used to here? Come closer to our gambling table. There is a set of cards on it, as you can see. Our croupier will be constantly adding new cards, line by line. Remove the cards off before he fills the whole table with the deck!

FEATURES

- the thrill of gambling in a mobile phone
- unique trial of thinking skills
- instant action

CONTROLS

2 - Cursor up / 8 - Cursor down / 4 - Cursor left / 6 - Cursor right / 5 - Remove Cards!

SNOWFLAKES

Strategy/Puzzle Game

STORY

Test your aiming skills in a snowball throwing contest!
 Everytime you hit at least two snowflakes of the same colour, they will melt.
 Melt all snowflakes on the screen to win the game.
 Good luck...

FEATURES

- test for both brains and reflex
- spectacular chain explosions
- continuously growing challenge

CONTROLS

2 - Cursor up / 8 - Cursor down / 4 - Cursor left / 6 - Cursor right / 5 - Remove Cards!
